

Graduate Certificate in Nursing (General Practice)

Certificate Features

DISTANT EDUCATION

Undertake your studies in a time and place that is convenient for you.

SUPPORTIVE LEARNING ENVIRONMENT

Unlike other post graduate studies GPV offers its students ongoing support for the first three courses of this certificate. Each student is assigned a tutor who will help them through their study. All our tutors are experienced nurses and educators. Tutor support has proved very valuable to previous students that had not undertaken formal study for some time.

SUBSIDISED COURSE FEE

Through funding received from the Department of Health and Ageing (DoHA) GPV can offer this post graduate certificate at a heavily reduced rate of \$350 per course/semester (NB the fourth and final course of this certificate is facilitated through Sunshine University and will incur a fee of approx \$1500 (price current as of semester 2 2008).

GPV invite all Division 1 qualified nurses working in general practice to enrol in the Graduate Certificate in Nursing (General Practice).

Course information can be obtained from GPV www.gpv.org.au or by calling Nicole Toon on 9341 5243.
